Dear Parents/Carers,

The governing body are delighted with the comments and feedback from the recent Ofsted report.

As a governing body we were confident in the progress made by the school since the last inspection and the many strengths that we have seen in our visits and meetings. We are delighted that the verbal feedback from the inspector and the report showcases this.

Unfortunately not all the lovely comments that were shared with governors in our feedback session with the inspector were included in the report due to word count restrictions, however the governing body felt it important to share these with you.

During the verbal feedback the inspector noted that the curriculum is competent, well planned and succinct and the work in the books is the strongest example that she's seen in her 10 years of inspecting. She commented on how each child is known, seen, understood and held in mind and how impressive it was that each member of staff knew the children so well.

She also commented on how sensible the children were, noting that behaviour is strong and pupils behave well all the time and know the expectations. Safeguarding systems were robust, with impressive record keeping.

I would like to take this opportunity to say thank you to all the staff for their hard work, and to you as parents and carers for your continued support.
